The electricity you receive will still be the same reliable, affordable energy you have always received from H-D Electric Cooperative but, by participating in this program, you will be supporting current and future renewable projects in our area.

Your home or business will be joining hundreds of other people from across the nation who are supporting renewable energy. By using renewable energy, your business could add value to your products, promote future renewable projects in the region, and show your customers you're committed to a sustainable future.
